

Cormier's new look.

Emmanuelle Cormier before the big cut.

## To cap it all

**W**hen drama student Emmanuelle Cormier decided to update her looks and project a stronger image, she went to Ugo Tabardel at L'Ultime International in Château Champlain.

He shortened her hair, layering the crown and curling it into a short cap cut, softened with curves and wisps.

"I think the face is better framed with this cut and the style emphasizes her striking eyes," Tabardel said.
